

Problem 3 – StarWars Form

Create a Web page (HTML5 + CSS3 + images) that looks and behaves like the screenshots below:

Input

You are given the above screenshots + all required images + the texts on the site.

Output

The output should be valid HTML5 + CSS3 + images that implement the above Web page.

Constraints

- Use google font **Lato** - <https://fonts.googleapis.com/css?family=Lato:100,300,400,700,900>
- Use Font Awesome - <https://maxcdn.bootstrapcdn.com/font-awesome/4.7.0/css/font-awesome.min.css>
- The site should open correctly in the latest version of Chrome
- Pixel-perfect implementation is not required.
